

SCE and AVCE JOINT RATE COMPARISONS

As part of our mutual commitment to better serve customers, Southern California Edison (SCE) and Apple Valley Choice Energy (AVCE) have jointly created a comparison of our common electric rates, average monthly charges, and generation portfolio contents. To find your specific electric rate, please scroll down. If you are not sure about your specific electric rate, this information can be found on the detailed page of your bill directly beneath the heading that reads "Details of your new charges."

The following rates are current as of January 1, 2024.

Definitions

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers. The CRS recovers costs of power purchase commitments that become stranded as a result of CCA initiating service. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

This comparison is based on billed usage from January 1, 2022 to December 31, 2022 for all applicable SCE service accounts within the jurisdiction of the Town of Apple Valley and AVCE's published rates as of July 1, 2023.

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers. The CRS includes the Power Charge Indifference Adjustment (PCIA), which is either a charge or credit, designed to ensure that SCE's previously committed generation resource costs are not shifted to SCE's remaining customers. SCE bundled customers who participate in SCE's optional Green Rate program also pay a PCIA charge. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.
